

Hand Benches

Product Overview

*Low maintenance and
sturdily built. Highly
versatile and easy to use.*

Our Screen Printing Hand Benches are designed to be versatile and very easy to use. Requiring little maintenance they have fully adjustable side arms fitted with toggle clamps which permit various size frames to be fitted. Each model is fitted with a high powered vacuum suction pump which is connected to the Aluminium suction print bed. Counter balance weights are fitted to the rear of the bench which are adjustable with ease. A single arm with counter balance smoothly glides on a bearing system which ensures fast and easy print runs time after time.

Dimensions

Five Standard product maximum print sizes:

510mm x 410mm

510mm x 760mm
